

Scottyland policy, rules, announcements and recommendations.

Social Distancing:

As previously announced, with the required/recommended social distancing guidelines in place, all previously scheduled Scottyland group activities, DJs, bands, etc. have been put on hold and as many as possible are planned be rescheduled. Dates will be announced and posted at a later date when the risk of spreading or contracting COVID-19 is at an acceptable level according to government guidelines.

All common areas such as the rec hall, chapel, etc. will be closed until further notice.

There have been some issues with larger gatherings so I've been asked to repeat this.

With the present state guidelines/orders in place any group gathering of 10 or more could be grounds for prosecution or/or closure so Scottyland is left with no choice but to enforce it.

We urgently ask that everyone refrain from any type/size of group gathering till this situation is under control.

Please maintain safe distance at all times, try and limit interactions with others and avoid groups when at all possible.

Assume everyone you meet may be a carrier of the virus and maintain minimum 6' distance as recommended.

Bathrooms and shower facilities:

Due to the health and safety concerns one unisex bathroom is open and the staff will do the best they can to keep it disinfected and clean.

It is advisable to take and use your own soap and towel when using though as the person before you many not practice good hygiene as well as you.

To all campers, guests and visitors with dogs.

I was asked to post this due to a number of issues and complaints.

All dogs must be kept on a leash and please clean up after your dog/dogs.

Also, due to insurance requirements and campground policy, certain breeds/mixed breeds are not permitted on campground property.

For lease holders, please read section 10 in the lease agreement, pertaining to dogs in the campground for details. It seems that many have not read it or have chosen to ignore it but it will be enforced.

Please do not use, "I didn't know" as an excuse as the rules are in the lease agreement that you signed.

Golf cart, ATVs, Side by Sides, operator requirements, rules, etc.:

Any operator of golf carts and/or grandfathered side by sides on Scottyland property must possess a valid drivers license or be 16 years or older and accompanied by a parent or guardian.

Reckless driving will not be tolerated.

Golf carts and other motorized vehicles are to be driven on designated roads, driveways and parking lots only.

Only golf carts are permitted to be operated on campground property with the exception of a small number of side by sides that were registered prior to 2016 and grandfathered in. Those that were grandfathered in and are currently registered will be the only ones permitted to be operated on campground property. The registration and/or grandfather exclusion is not transferable to another one.

Management reserves the right to discontinue the use of related equipment at their discretion.

No ATVs, Side by Sides, UTVs, Quads, etc. permitted on campground property unless secured on a trailer, in a truck, etc. with the exception of those side by sides that are grandfathered in and currently registered.

There are many places in close proximity to the campground that the ATV, Side by Sides can be trailered/trucked to for riding. Gary has stated that he will be more than happy to direct anyone interested in where to go and how to proceed.

These rules have been too long ignored by many people but will now be strictly enforced.

Loud music, excessive noise, etc.

Although quiet time is later than most any other campground, excessively loud music and/or noise is not permitted at anytime whether is be from campsites or being played by those in golf carts or other vehicles within the campground.

Please be respectful of others in the campground as many come here for the peace and quiet.

Questions:

If you have any questions please call the office at (814-926-3200) or get in touch with Earl.

They will be more than happy to answer any questions you may have.

Even with the restrictions that we are required to put in place we feel that this will still be a great season at Scottyland with everyone's support and cooperation.

We will do everything we can to keep Scottyland open, clean and safe for all but we are asking for everyone's help and cooperation to insure it.

One person's action could result in the failure of everyone else's efforts
